Now, therefore, this agreement witness that the said M/s..... are hereby appointed Architects for construction of the said buildings above referred to on the following terms and conditions :

1. Architect's Services:

The Architects shall render the following services in connection with and in regard to the said works:

(a) Taking the Bank's instructions, preparing sketch designs with alternative schemes (including carrying out necessary revisions till the sketch designs are finally approved by the Bank), making approximate project cost estimates i.e. block/preliminary estimate based on sqm area x rate per sqm and preparing reports on merits of the scheme, highlighting the points such as permissible FAR/FSI, likely type of foundation required, structural design provisions to be made, planning norms/ development rules of the local authorities from whom the plans have to be got cleared before commencement of work and how the same are met in the proposed layout permissible and recommended basement areas and purpose, adequacy of available water sources for drinking, flushing. A.C. adequacy of electric sources for lighting and Air-conditioning and other purposes, any alternative arrangements required to be made for water and electricity, type of drainage system, water storage and distribution arrangements, compound development, landscaping etc. and all incidentals and connected aspects thereto so as to enable the Bank to take a decision on the sketch designs and scheme as a whole.

(b) After approval of the plans by the Bank, submitting the required drawings to the Municipal Corporation and/or local authority like town planning etc. and obtaining its/their approvals wherever required.

(c) After approval of the plans by the Municipal Corporation and / or local authority or any other authority empowered to approve under law / rules & regulations in force, preparing detailed architectural working drawings, making design calculations and drawings for foundation and other structural work of the building, making designs and drawings for normal sanitary, water supply and electrical services and also for any special installations like air- conditioning, sewage treatment plant, fire fighting, telephone, public address system, computer installations, interior decoration/ site preparation work etc.(as may be included / required by the Bank in the Architects services),meticulously working out technical specifications, bills of quantities and detailed cost estimates after briefing and discussing the amenities and finishes being proposed broadly with the Bank. While the Architects would be given full scope to make suggestions in the best interest of the said works, the Architects shall amend / change the same suitably if so desired by the Bank. The Architects shall be responsible for inclusion of each and every item of the works/specifications required for completion of the project and the correctness of the quantities so as to ensure that variations are not beyond 5%either side between the actual quantities and the estimated quantities in exceptional / rare cases. The Architects shall get all these detailed drawings and cost estimates approved by the Bank after making necessary changes/ amendment etc. is so, desired by the Bank.

(d) Drawing up detailed tender documents for the various trades, complete with the Articles of the agreement, special conditions of contracts, specifications, drawings, schedules of quantities, the Bank's standard PVA clauses, lists of various tests to be conducted by the contractors or got done through laboratories for materials, works at site etc., theoretical / standard cement consumption for various items of works, various insurance covers required, time and progress charts and any other material necessary for completing the tender documents and getting them approved by the Bank.

(e) Preparing select list of contractors i.e. short listing of contractors after scrutinizing the applications received in response to the tender for pre- qualification of contractors and inspection of some of the works, done by them with the approval of the Bank, inviting the tenders for various trades, preparing comparative statements and submitting the assessment reports and recommendations thereon to the Bank, assist the Bank to conduct negotiations with the contractors wherever necessary and after the Bank's decision on the tenders, preparing contract documents and getting those executed by the concerned contractors including programme of work within the stipulated time frame.

It is clearly understood that the Bank shall at its absolute discretion may involve services of any site Engineer/Project Management Consultants in force (herein after referred to as the PMC) for day to day supervision and ensuring that the said works are being executed as per the plans and designs and specifications prepared by the Architects and provided for in the contract agreement with the selected / appointed contractors for various disciplines of the said works, monitoring of the project, checking the materials / works, getting various tests for materials and works done, correct measurements of the works, initial scrutiny of the contractors bills at site and making the recommendations to the architects. The Bank will be involving the said PMC agency in the project right from the beginning of the project i.e. from the stages of soil exploration, prequalification of the contractors as the Bank's agency to remain fully associated with the project and day to day work.

The Architects shall not for whatsoever reason, object to the said appointment of the

site Engineer/PMC by the Bank for monitoring of the project at site and assisting the Bank in scrutiny of the recommendations, reports, plans, estimates etc. received from the Architects with a view to the decisions in the matters at the Bank's end. It is expected that the Architects and the PMC / site Engineer, if any PMC is employed by the Bank, work jointly as a team in good spirit with a view to getting the said works completed in best possible manner and efficiently.

(f) Preparing landscape drawings & planting of saplings

(g) Preparing for the use of the Bank, the contactors, PMC/ and the Site Engineers (if any) appointed by the Bank, six copies of the contract documents of various trades including all drawings, specifications and other particular such further details and drawings as are necessary for the proper execution of the said works.

(h) Assuring full responsibility of correctness of structural and foundation design and design for all services and installations and soundness of the construction according to the said designs and specifications.

(i) Assuming full responsibility for the overall supervision and proper and timely execution of the said works by all the contractors and sub-contractors, specialists, consultants, technical adviser etc. that may be engaged from time to time as defined in the conditions of engagement referred to clause 2 below by following up the matter closely, with the appointed site Engineer/PMC, if any PMC is appointed by the Bank and even with the contractors. Appointment of the site Engineer/PMC by the Bank and their presence at site and involvement in the work shall not absolve the Architects in any manner from those responsibilities. The role of the site Engineer/PMC will be as an Agent of the Bank employed for austere the Bank for efficient execution of the project at Site. The Architects will have right to oversee, differ with the site Engineer/PMC's opinion in regard to the quality, measurement, rates of part/ substituted/ extra items etc. without affecting the Bank's interest. However, in the event of any dispute arising out due to difference between the opinion of the site Engineer/PMC and the Architects, the decision of the Bank's shall be final and binding on the architects (and site Engineer/PMC as well).

Normally, the work rejected by the Site Engineer / PMC or the rates and /or quantities reduced by them shall not be disputed by the Architects. However, if they differ with the decisions of Site Engineer / PMC in this regard, they have right to make recommendations/ suggestions to the Bank for the Bank's consideration and pending the Bank's decision/s on such points, the Architects shall issue the interim payment certificates as recommended by the Site Engineer / PMC. On getting the Bank's decision on such points the Architects can give effect to the same as may be necessary in the Bills to follow thereafter. The Architect will have, however, a right to reject the works accepted by the Site Engineer / PMC if in their opinion they are not satisfied with the quality or execution of the same as expected by them but by clarifying the specific reasons in writing to do so to the Bank under a copy of the advice to the Site Engineer / PMC.

(j) Test-checking or cross checking of measurements of works at site if and wherever felt necessary on receipt of the bills form the site duly scrutinized and verified from the said Site Engineer / PMC of the Bank (if appointed, otherwise detailed measurements to be checked by the Architects), checking the contractor's bills, issuing certificates for

payment and passing and certifying accounts so as to enable the Bank to make payments to the contractors and making adjustments of all accounts between the contractors and Bank. The Architects shall assume full responsibility of the entire project, the correctness of the detailed measurements, calculations and summing-up of net total under appropriate tender items and correctness of the payment certified by them. Time limit for verification and certification of bills by Architect shall be as under (failing which the Architect may be penalized)

- Running bill within 15 days
- Final bill within one month

(k) Submitting report to the Bank after verification the account of cement and other important materials as Bank may specify and certifying the quantities utilized in the works.

(l) Obtaining final building completion certificate and securing permission of Municipal Corporation or other authority for occupation of the building and obtaining refund of deposits, if any, made by the Bank to the Municipal Corporation or other authority. The Architects shall be also fully responsible for obtaining all other NOCs like those of Fire, Aviation and other departments/ offices of Govt./ Semi Govt./ Public Bodies in connection with getting approvals to the plans, commencement of works, completion of works etc.

(m) Appearing on behalf of the Bank before the Municipal Assessor & Collector or other authority in connection with the final settlement of the initial ratable value of the building/s and tendering advice in the matter to the Bank.

(n) Any other service connected with the said works usually and normally rendered by Architects and not included in any of the items referred to above.

2. Conditions of Engagement:

a) The Architects shall submit to the Bank the sketch plans, detailed plans, cost estimates, tender documents etc. within the period stipulated in the schedule hereto annexed.

b) The Architects shall exercise all reasonable skill, care and diligence in the discharge of duties hereby covenanted to be performed by them and shall exercise such general superintendence and inspection in regard to the said works as may be necessary to ensure that the work being executed by the contractors under day to day supervision of the site Engineer/PMC/ Resident's Architect Engineer is in accordance with the architectural working drawings and the finishes etc. as provided for by them. In the event of their finding out/ observing any deviations there from, they shall immediately bring it to the notice of the site Engineer/PMC / Resident's Architect Engineer/Contractors at the site and write to the contractors for the same. All such letters addressed to the contractors by the architects shall be routed, without exception through the PMC if any site Engineer/PMC is engaged, so that if there is any point of difference or there is any genuine technical / administrative / contractual difficulty in following the architects' directions, the site Engineer/PMC can first talk to the architects and or to the Bank before the architects' letter/s reach to the contractors. Simultaneously, copies of all such correspondence with the PMC/ Contractors shall be sent to the Bank by the architects periodically.

Architect shall be responsible for getting implemented / executed the project work through the appointed contractors as per the detailed architectural and structural drawings prepared and submitted to them by the architects and as per the provisions made in the tender/s.

c) Architects' overall responsibility will continue during the defect liability period to see that the PMC are persuaded to get the defects, if any, removed by the contractors and they shall give a "No Objection Certificate" at the end of the defect liability period of twelve months to the contractors if any Site Engineer/PMC is appointed otherwise Architects will take the responsibility themselves. Employees Bank they shall be authorized to write to the architects, if they find any discrepancy in the drawings, specification or the architects' instructions or any drawings, details, clarifications required for speedy implementation of the works are pending from the architects' offices.

d) During the preliminary stage, the Architects shall visit the site, collect all the relevant data, take site particulars, ascertain local authority's building bye- laws, prevailing prices for building materials and labour wages etc. and forward the same to the Bank also. The architects shall arrange, if required, for preparing a surveyed site plan and for necessary soil investigations like trial bores, or test pits, load bearing test or other soil tests as may be required and submit their report to the Bank. The cost of survey of site and carrying out soil investigations, various tests shall be borne by the Bank.

e) The Architects shall co-ordinate all his activities during the detailed planning and tendering stage and in case any Site Engineer/ PMC and other consultants are separately appointed by the Bank, the architects shall prepare a comprehensive programme of work in consultation with the Site Engineer/ PMC and other consultants as also the contractors, and arrange to have the work completed in an expeditious manner and in accordance with the programme drawn up. For this purpose the Architects shall attend the weekly/ fortnightly joint meetings of the Bank, the Architects, the ST / PMC, all the concerned consultant, contractors / sub-contractors and assist the Site Engineer/ PMC to prepare joint minutes of the discussion / instructions at such meetings with a view to co-ordinate the work of the various Site Engineer/PMC/ Resident Architect Engineer or contractors / sub-contractors and to avoid delays.

f) It is clarified that day to day supervision, programming of the works and coordination of various activities, quality control, measuring and recording the actual quantity of work, their correctness, ensuring that the work is being executed as per tender specifications and drawings, pointing out of any discrepancy therein forthwith to the contractors after taking the Bank into confidence will be responsibility of the Architects and the Architects will oversee all these activities and follow up with the PMC or contractors, if any engaged by the Bank through their Resident Architect at site to ensure timely and quality work as provided in the agreement.

g) The Architects shall not make any deviation, alteration, omission from the approved design / plans without the written consent of the Bank. The Architects shall not also undertake, execute or carry out any variations or extra items of works in excess of Rs.25,000/- (Rupees twenty five thousand only) or such amount as the Bank may expressly authorize by separate letter.

h) All variations and extra items allowed within the discretion of the Architects as well as costing Rs.25,000/- and above or the amount authorized shall be referred to the Bank together with the reasons for making such deviations and by furnishing an analysis of the extra cost involved thereby. All orders given to the contractors by the Architects for any authorized deviations from the contract documents shall be in writing and variations orders incorporating the rates and quantities of extra work and omitted items of work in respect of all deviations shall be issued within a fortnight from the date of issue of instructions for deviations but after getting the Bank's approval within the same time. The Architects shall on no account permit the contractors to include cost of variations or extra items of work in the running bill or certify the payments for such variations or extra items till the rates therefore are accepted by the Bank. In case of any additions or variations above Rs.25,000/- are carried out without the prior approval of the Bank, the Bank shall not be liable to pay the contractors for such additions and variations and the Architects shall also not be entitled as a right to claim fees for such additional or deviated items of works.

i) In case any Site Engineer/ PMC is engaged by the Bank during the progress of work, the Architects' representative at site shall remain in daily touch with the said Site Engineer/ PMC and ascertain from them whether any excesses over sanctioned cost is anticipated and / or has already occurred. The Architects shall immediately report the same to the Bank with adequate justification for the same and obtain Bank's approval thereto. Also, as and when required, the Architects shall also prepare a revised cost estimate for Bank's approval with assistance from / in consultation with the said PMC.

j) The Architects shall engage (within the fees mentioned in clause 5 below) a qualified graduate Resident Architect/Engineer with not less than 5years experience or a diploma holder with not less than 8years experience for coordination and overall supervision on the site on day to day basis during the construction of the works subject to clarifications given above on all projects costing Rs. 3.0 crores or more.
